#VOCATIONAL OUTBOND MOBILITY PROGRAMME

Artificial Intelligence (AI) and Machine Learning Short Course

MLRG's Academy

This course provides a comprehensive introduction to AI and Machine Learning, covering key algorithms, data preprocessing, model evaluation, and tools such as Python, Scikit-learn, and TensorFlow. It also includes advanced topics like neural networks and deep learning, culminating in a real-world capstone project

- Understand core AI and Machine Learning concepts, including data preprocessing, learning methods, and neural networks.
- Develop and evaluate machine learning models using Python, Scikit-learn, and TensorFlow.
- Apply AI and ML solutions to real-world problems while considering ethical and societal impacts.

CERTIFICATE *of* COMPLETION

This certificate is proudly awarded to

SYEKHAN MAULANA

for completing the AI Short Course
by Machine Learning Research Group UiTM Penang Branch
7 - 17 October 2024

PROF. DATO' IR. DR. AHMAD RASHIDY RAZALI
RECTOR
UiTM PENANG BRANCH

Certificate of Completion

THIS CERTIFICATE IS AWARDED TO

SYEKHAN MAULANA

HAS SUCCESSFULLY COMPLETED

**MSU GLOBAL LEADERSHIP PROGRAM
UNIVERSITAS MALANG, INDONESIA**

HELD FROM

08 - 12 SEPTEMBER 2025

PROGRAM DIRECTOR

Siti Amzidalina Ghazali
Director, MSU Academy

國立東華大學

Certificate of Participation

Presented to

Syekhan Maulana

In recognition of your participation in the 2026 Student Mobility Programme held from May 4 to May 8, 2026, hosted by the Department of Computer Science and Information Engineering, National Dong Hwa University, in collaboration with the Faculty of Vocational Studies, Universitas Negeri Malang, Indonesia. Your active participation and contribution to academic exchange and cross-cultural learning between our institutions are sincerely appreciated.

Chairman

I-Cheng Chang
